

Building a NEW Purpose

At **MISSION 25**, we are focused on helping individuals and families achieve long-term success. This includes helping those who are displaced, struggling with addiction, and/or mental health and/or victims of domestic violence. When we stabilize families, lend a hand to those who have been unheard, and create a supportive community, we create the possibility for a better life.

How You Can Help

Donating to MISSION 25 is a significant way you can help in 2024. Between all 4 programs, MISSION 25 served approximately 400 people in 2023 and we believe 2024 will be just as impactful. We expect to see more adults and children served, more people take their first step toward recovery and healing, more people begin their housing opportunities, and more people begin doing hard things for their future growth.
